Dear Tom:

In reply to your letter of February 24, 1975, we have made a thorough evaluation of the Scheinberg patent and concept as described in his letter of February 20, 1975, to Mr. Richard Dammann. This evaluation, coupled with the extensive evaluation we made with the same idea back in June 1971, has led us to the conclusion that the idea is of no practical value and therefore not of interest to us.

If you should wish more detailed information, please contact either Dr. R. B. Seligman or Mr. F. E. Resnik.

Sincerely yours,

H. Wakeham, Vice President
